

Socialclub

SOCIALCLUB is a lounge chair with a twist. The zippers of the chair let SOCIALCLUBS's upper arms drop playfully giving the chance to be social, or raised so the sitter can feel peaceful and cocooned. When its arms are raised, the chair absorbs ambient background noise. It's this easy social flexibility that makes it a good choice for lobbies, libraries and homes. SOCIALCLUB's base is upholstered in the same fabric as the upper for a seamless elegance.
